

KING GEORGE VI IS DEAD

House Committee Puts Approval On UMT Proposal

Vote Taken in Closed Session Is Reported as 27-7 on Wednesday.

Washington, Feb. 6. (AP)—The House Armed Services Committee today approved a compulsory Universal Military Training bill. The vote, taken in closed session, was reported as 27-7. The legislation is due to face a House test this month. It provides for the induction into a Security Training Corps for six months of training of all eligible males when they become 18 years of age. After serving six months, the trainees would be liable for reserve duty for seven and one-half years.

The proposed law would go into effect when passed by the Senate and the House and approved by the President. However, opponents predicted they will kill it when it reaches the House.

The training program would be supervised generally by a civilian-dominated commission. Exemptions or deferments from the six months of training would be held to a minimum.

Hardeman County Pioneer Is Dead

Mrs. Hattie E. Beadle, 93, long-time resident of Hardeman County, died at 5 p. m. Tuesday in the Chillicothe Hospital following a long illness. Funeral services will be held at 3 p. m. Thursday at the Chillicothe Presbyterian Church with Dr. Robert Clark, minister, officiating. Interment will be in the Chillicothe Cemetery by the side of her husband, who died in 1917. Mrs. Beadle is survived by an only daughter, Mrs. Burdine Gibbs, widow of the late T. S. Gibbs, who died in 1949. Mr. Gibbs was a former Chillicothe postmaster and a prominent insurance and real estate man here.

Both families came to Chillicothe from South Texas in 1905, and Mrs. Beadle had made her home with her daughter since 1917. The Gibbs-Beadle home, with its store of antiques and relics, is a Hardeman County landmark.

Mrs. Beadle was born in Lancaster County, Mo., but her long-time residence in Texas had given her recognition as a Texas pioneer. Despite her advanced age she had been active in the Eastern Star and Rebekah Lodge up until her last illness. She was lodge deputy for the local Rebekah Lodge at the time of her death. She had been prominently identified with her work in both Rebekahs and Eastern Star. She had served as district deputy grand matron of the Grand Chapter, OES, and president of the Lower Panhandle Association of Odd Fellows.

She instituted the Odell OES Chapter and acted in an advisory capacity to the Vernon chapter and other chapters which asked for her counsel and instruction.

Allies Recapture Hill Without Firing Shot

Seoul, Korea, Feb. 6. (AP)—For the second time in 48 hours Allied infantrymen today recaptured a hill position on Korea's western front without firing a shot. Reds seized the vantage point northwest of Yonchon Monday night. Allied troops regained it Tuesday without opposition. The Reds took it again Tuesday night. Wednesday morning UN troops again marched to the top without seeing a single Communist soldier.

Nine B-29 Superforts hit rail lines and industrial targets in North Korea Tuesday night. Light bombers knocked out 35 of 700 vehicles spotted on North Korean highways during the night.

HEARING SCHEDULED

Washington, Feb. 6. (AP)—The proposed merger of Braniff International Airways and Mid-Continent Airlines was scheduled for a pre-hearing session before the Civil Aeronautics Board today. Such a pre-hearing is the first step toward merging the two companies under the Braniff name. CAB must approve the proposal. If the proposal is approved, Tom E. Braniff, founder and president of the firm bearing his name, will assume the presidency of the merged corporations.

Heads of USDA Commodity Office at Dallas Fired by Brannan Following Scandal

Washington, Feb. 6. (AP)—Secretary Brannan today fired the director and assistant director of the Agriculture Department's Commodity office at Dallas, in connection with current investigations of shortages of Government grain. The discharges, of Director Latham White and Assistant Director James Solomon, become effective at the close of business Friday. They have been off duty since late in December, pending a Department investigation. A Department spokesman said the men were removed from their jobs for "administrative deficiencies and inadequacies." It was in the Dallas area that several commercial storage concerns had been charged with converting Government grain to their own use, mainly for speculative uses.

Brannan took his action after studying answers White and Solomon had made to charges against them. In letters to these officials on Dec. 29, the Department said they had failed to take all possible steps to see to it that storage concerns in their area honored instructions to deliver Government grain that had been stored with them under the farm price support program.

The letters also said that White and Solomon had accepted gifts and gratuities from business firms with which their office did business, in violation of Department regulations. The Department said the two officials also apparently knew of and condoned acceptance of gifts by employees under their jurisdiction.

A survey showed today the Government had taken legal action to collect about \$4,875,000 from 15 storage firms in connection with reported shortages of grains and other products stored under price support programs.

Flags Fly at Half Mast To Honor King

London, Feb. 6. (AP)—Flags throughout the world were lowered to half mast today at the news of the death of King George VI. In Paris, UN Secretary General Trygve Lie ordered the lowering of the flags of the world organization's 60 nations.

Lie sent a telegram to British Foreign Secretary Anthony Eden expressing his "profound sorrow" at the monarch's death. At Gen. Eisenhower's SHAPE headquarters outside Paris the flags of Britain and the 11 other Atlantic Pact nations were lowered as soon as the news was received. The general cancelled a cocktail party scheduled for correspondents tonight.

In the West German capital of Bonn flags were lowered on all public buildings. In Berlin the Russians notified the Western Powers they would like to join in lowering flags out of respect to the dead King.

The Soviet Control Commission sent word to American, British and French authorities that they were willing to dip the Red flag which flies with those of the Western nations over the defunct Allied Control Authorities headquarters. Queen Juliana of the Netherlands was "deeply shocked," her secretary at Soestdyk Palace said. Pope Pius was informed by Walter St. C. H. Roberts, British ambassador to the Holy See. The pontiff instructed that a telegram of condolence be sent at once to the King's family.

In Ottawa, flags on the Canadian Parliament and other buildings throughout the city were lowered.

Violence Takes 10 Lives Tuesday

(By The Associated Press) Violence took at least ten lives in Texas Tuesday in a midweek upsurge of tragedy usually reserved for the weekends. In addition, one person died from traffic injuries, another died from an axe blow suffered Monday and the nude body of a woman believed murdered Monday night was found in the San Antonio River.

Mrs. Inez Frazer and her son, Morris Frazer, 3, were killed instantly last night in an auto-truck crash two miles south of Three Rivers. Lewis Jacob Cohn, 57, Sou-Lake, was killed in a truck-car collision near Port Arthur.

A Houston telephone lineman, Clarence Raymond Hosford, 31, was found shot to death on the floor of a service station where he was employed at night. Notes to his wife and mother were found.

Frank Swanson, 65, negro deaf mute, suffocated when fire destroyed his home in Wichita Falls. Mrs. Chester Hays, 26, Cameron, died yesterday after being struck with an axe Monday. Her nephew, Billie Tom Adams, 16, was charged with assault-with-intent-to-murder before her death.

The bodies of two men were found in the charred remains of a three-room house at Corsicana swept by an early morning blaze. Investigators found the body of Wilmer Sanders, 58, a negro, who owned the residence. Later they discovered the body of a white man, F. B. Langridge, about 60. Officers were investigating possibility of foul play.

WATER RATIONED—Linda Sue Robinson has her pail filled with water by friendly water truck driver who is hauling water for household use from Cleveland to her home town of Addyston, Ohio. The city was without water after the flooding Ohio River contaminated their water supply. Public schools have been ordered closed by the Health Commissioner and everyone ordered inoculated against typhoid fever.

Shivers Will Make Personal Inspection of Girls School

Austin, Feb. 6. (AP)—Gov. Allan Shivers said today he will make a personal inspection of conditions at Gainesville State School for Girls—but only after the Youth Development Council has studied the school's disciplinary problems and policy. Whether the correctional school should whip its juvenile inmates and hold them in solitary confinement as punishment are matters for the Council to handle, Shivers said at a press conference.

The school's disciplinary policy came under fire last week when a 16-year-old Houston girl testified in court she had been whipped and held in solitary confinement 186 of 210 days in the institution. Shivers asked the press and the public to consider both sides of the picture.

"I hope the people and the press will keep in mind that there will always be in (such) institutions a small percentage of people who are difficult to handle," he commented. How to handle these difficult cases, he continues, is something for the school's administrative staff and the Youth Development Council to work out "within the limits of the law."

The Governor said the Gainesville State School for Boys and the Gainesville School for Girls are "doing something constructive for 90 per cent of the inmates." Asked his attitude toward the use of corporal punishment, Shivers replied: "I'm not an authority on that."

He suggested it "might be well" for the Council and Legislature to consider a law allowing such boys and girls to be placed in the home of any person who thinks they are not being treated properly. He said any person taking such a child would have to be willing to take responsibility for the child's conduct.

Shivers said the Houston girl's case served a wholesome purpose because it "causes a re-examination of policy and gets the people acquainted with it." He said he would welcome any individual or group that wishes to visit the girls' school.

"I think it would be well for people to do it—to see for themselves what the conditions are," the Governor said, adding that he would be glad to receive recommendations from any such visitors. The Council's executive secretary, John H. Winters, said yesterday the Gainesville school superintendent has decided against any further whippings pending discussion of policy by the Council.

It was announced the Duke and Duchess would remain in seclusion in their Waldorf Towers apartment. The Duke of Windsor has spoken to the private secretary at Buckingham Palace by telephone, and His Royal Highness is sailing for Great Britain on the Queen Mary tomorrow night to attend King George's funeral.

The Duke presumably received word of his brother's death through the press which had notified his secretary. It was announced the Duke and Duchess would remain in seclusion in their Waldorf Towers apartment.

Cpl. Harold Edwards Arrives in England

Mr. and Mrs. DeWitt Edwards of 2729 Mesquite Street have received word that their son, Cpl. Harold Edwards, with the United States Air Force, has arrived in England. He will soon be assigned a permanent base somewhere in the European theater. Cpl. Edwards entered the service on March 28, 1951, and was a clerk-typist at Maxwell Air Force Base at Montgomery, Ala., before sailing for England.

GETS JAIL SENTENCE

An Odessa man was given ten days in jail plus court costs of \$27.25 in County Court here Wednesday on charges of swindling by worthless check. Officers said that the man had been in Vernon for several weeks, but still listed his home as Odessa.

ONE PERSON FINED

Only one person was fined Wednesday in Justice of the Peace C. W. Shepherd's Court. An Electra man paid a \$10 fine for defective automobile brakes.

Elizabeth Will Become Queen of British Empire

Monarch Dies in His Sleep at Royal Estate in Norfolk Wednesday.

London, Feb. 6. (AP)—Tired and spent, King George VI died today after 15 years on the throne. His daughter Elizabeth, 25, became queen.

The word reached her in an African colony, one of the remnants of empire. George VI—the steady sort of monarch the Britons love—died in his sleep at Sandringham, the royal estate in Norfolk where he was born 56 years ago. All over Britain, the people said: "He was a good man."

The king and his queen Elizabeth, with their two pretty daughters, Elizabeth and Margaret Rose had won the hearts of Britain by their steadfast refusal to seek safety abroad during World War II.

It is believed a blood clot—coronary thrombosis—was the immediate cause of the king's death. Last September, a surgeon removed one of his lungs as cancerous and the king had looked ill for a long time. But even his immediate family did not know death was so near. Princess Elizabeth was in the first stage of an around-the-world trip, but planned to fly home immediately from Kenya in East Africa.

Crowds Gather

Weeping crowds gathered at Buckingham palace as word of the king's death spread. Flags were lowered to half staff. The nation's radios went silent except for news bulletins.

Unwillingly, George VI became king by a whim of the fates—when Edward VIII (now the Duke of Windsor) abdicated rather than give up the love of the American, Mrs. Wallis Simpson. He lived to see Britain lose much of her empire and to see his countrymen in wartime valor and peacetime austerity.

Now Britain has her first queen in 51 years. The last was Queen Victoria, who ruled from 1838 to 1901. And Britons believe firmly that the country waxes prosperous under a woman's reign.

The heir to the throne will be Charles, the 3-year-old son of Elizabeth and the Duke of Edinburgh. He is destined someday to become Prince of Wales. While there was no official announcement, well-informed specialists speculated the king died of coronary thrombosis—a clot on the heart. This is often the cause when death occurs during sleep. Additionally, the king had a history of circulatory ailments—he was operated on in 1949 to relieve a circulatory disorder of the leg.

George's voice sounded husky when he broadcast his annual Christmas message and some specialists saw that as a possible indication that cancer, having been removed from his left lung, was still present in his right.

Elizabeth gave him a long anxious look last Thursday when she left London by air on her trip to Africa, Ceylon, Australia and New Zealand—a trip from which she was not scheduled to return until July. Spectators at the airport felt it was almost as if Elizabeth had a premonition she might not see her father alive again.

George VI was the first British king to visit the United States—he was there with his queen, Elizabeth, in 1939. The new queen went to Washington last year on a side-excursion from her trip across Canada.

Prime Minister Churchill called an emergency meeting of the cabinet to set in motion the machinery which will lead to Elizabeth's formal taking of the throne. One of her first duties will be to set a period of mourning for the court. When her grandfather, George V, died, court mourning was ordered for nine months.

George V's queen, Mary, at 84, has outlived both her husband and her son. It was at Sandringham that George V died, Jan. 21, 1936. Then Edward VIII was king for a few months. The dead king at that time was Duke of York. He became king Dec. 11, 1936, when Edward gave up the throne for "the woman I love," the twice divorced Mrs. Simpson.

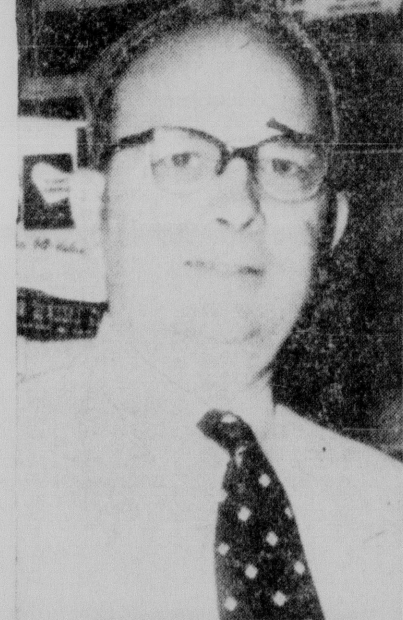

Word of the death came from Sandringham palace at 10:45 a. m. (Continued on page 3)

By CLIFF CLINES and W. D. DIXON

Virgil H. Marshall, former resident of Vernon, and former carrier for The Vernon Daily Record, has been written up as the officer of the month in the "Delta Digest," the official periodical of the U. S. S. Delta, with which he is serving. He is a warrant officer, and in charge of machinists. In part the write up says: "Mr. Marshall is the present commanding officer of the YR63. His obvious poise is apparently born of confidence in his own ability; yet he is certainly soft-spoken and modest enough. It is quite evident that he is liked by his crew, but none of this goodwill was won by any apathetic leniency on his part, for Mr. Marshall is first and always a "Navy" man. He sincerely enjoys serving the Navy, and he shall most probably continue in its service for years to come."

For our salute to a business man today, we turn to Walter Heard of the Heard & Jones Drug Store—surely another reason why Vernon can serve the people of this area better. The Heard & Jones Drug Store is one of the biggest stores of its kind in this section. It is well stocked, and surely ranks with the best stores in any community. Walter Heard has plenty of experience to aid him in managing the store to give the best of service to the community and territory. Walter was born in Elberton, Ga., in 1907, but went to Weatherford, Texas, with his folks while very young. In Weatherford, Mr. Heard was graduated from high school and Southwestern State Teachers College, lettering at the latter school three years in football, basketball, track and tennis. He attended the Capitol College of Pharmacy in Denver and went from there to Chicago where he worked for Walgreen's for ten years—a fitting school for anyone thinking of going into the drug business. He and Mrs. Heard came to Vernon and opened Heard & Jones store here in 1939, moving into the present store in 1945. Walter Heard not only is interested in developing his store to the utmost, he's sincerely interested in building his community and territory. I'll always remember how he almost single-handedly swung the long goodwill tours in behalf of Santa Rosa several years ago. And those tours got Santa Rosa an

WALTER HEARD

amazing lot of publicity, helping materially to lift it to the prominence it has today. This is typical of Walter Heard's interest, typical of the role he plays in making this truly a community that can serve you better. I've an idea that if we'll all work together, talk Vernon, sell Vernon, and build for the future along

Open House for Auditorium Due

Plans for an "open house" at the new \$650,000 Wilbarger Memorial Auditorium have been announced by County Judge A. D. Green.

Judge Green said that as soon as the work on the new auditorium was completed and contractors had turned it over to the county that an open house would be held so that everyone could inspect all features of the new building.

He explained that the new building was still about two weeks away from completion. The auditorium proper was the only portion opened during the night.

It was pointed out that the Rex Allen Show was booked far in advance and when it became evident that the building would not be completed, the contractors graciously consented to concentrate on completing the stage and auditorium proper in order that the show might be held.

Judge Green said that the auditorium in its entirety belonged to the people of the county and that it would be opened for public inspection and use just as soon as possible.

Arnall May Take OPS Position

Washington, Feb. 6. (AP)—Two top mobilization officials said today Ellis G. Arnall, former Governor of Georgia, has reconsidered and is expected to accept the directorship of the Office of Price Stabilization.

One official, who asked that his name not be used, told a reporter he understands President Truman probably will nominate Arnall for the post tomorrow.

The appointee must be confirmed by the Senate. Capitol sources have said there would be little or no opposition to Arnall.

Arnall notified Administration sources Monday he would be unable to succeed Michael V. DiSalle as price chief. DiSalle has resigned, effective Feb. 15, to seek the Democratic senatorial nomination in Ohio.

Mobilization officials said Roger L. Putnam, chief of the Economic Stabilization Agency, urged Arnall yesterday to reconsider his decision. They said he was in touch with Putnam last night and agreed to accept.

Weather

Temperature readings for the past 24-hour period ending at noon Wednesday:
Maximum 60 degrees
Minimum 34 degrees
Noon reading 56 degrees
Forecast: Generally fair and cooler Wednesday afternoon and night. Thursday cloudy and warmer.

ASK FOR BOOST

Dallas, Feb. 6. (AP)—Dealers who store Government grain under the Commodity Credit Corporation program have asked a 15 per cent boost in fees. Increased costs are being cited by the dealers. C. Hilary Mosely, CCC regional chief, said yesterday. He also said recent alleged sales of Government grain for personal profit by some warehouses had "rocked the industry."

Lease Bids on School Land Due

Austin, Feb. 6. (AP)—Sealed lease bids will be received on 75 tracts of State School Lands, four tracts of State Park lands and three tracts of prison lands, March 4. State Land Commissioner Bascom Giles announced the lease sale yesterday. Deadline for bids is 10 a.m. on the date of the sale. Giles said he expects bidding to run highest on three tracts of school lands. They are 230 acres of the Salt Fork on the Brazos

River in King and Knox counties, two tracts of Matagorda Island in Calhoun County and 353 acres in Tyler County.

Other school lands offered are in Donley, Eastland, Gray, Jack, Montague, Moore, Pecos, Reeves, Tyler, Ward, Wheeler, Zapata, Jackson, Nueces, Harris, Matagorda, Calhoun, Chambers, Brazoria, Houston, Madison, Bee, Goliad, DeWitt, Victoria, Harrison, Rusk, Fort Bend, King and Knox counties.

Park lands include 379 acres in Tyler State Park, Smith County; 112 acres in Fort Griffin State Park, Shackelford County; and two tracts of 255 acres and 295

acres in Bonham State Park, Fannin County.

Prison lands included 430 acres of Ramsey Farm, Brazoria County and two tracts of 780 acres and 700 acres in Central Farm, Fort Bend County.

Curbs on New Home Building Suggested

Washington, Feb. 6. (AP)—A bathroom and a half would be the limit for new homes under a metals-conservation order suggested by two Government agencies.

The proposal, to save scarce steel and copper, was mailed yesterday by the National Production Administration (NPA) and the Housing and Home Finance Administration (HHFA). It went to members of the Construction Industry Advisory Committee, for study prior to a meeting here on Feb. 11. A decision will be made then on whether to put the order in effect.

Dropped from the suggested clampdown was a controversial provision to ban construction of any house bigger than 1,500 square feet. Even as it stands, officials said, the proposal would curtail "luxury type" building.

NPA has allotted enough material to erect some 600,000 homes this year, compared with 1,100,000 in 1951, but officials say 800,000 units could be started if material is used carefully.

FATHER DIES

Mr. and Mrs. J. B. Wood have been called to Springfield, Mo., because of the death of her father there. Funeral services will be held in Springfield Friday. Mrs. Wood is a teacher in Hawkins School.

No Change in Weather Seen

(By The Associated Press)

Stiff breezes and a warm sun absorbed more ground moisture Wednesday as the long Texas drought plunged deep into February.

No change in the weather was seen by the Weather Bureau for the next two days as a State Farm official urged farmers to take preventive measures to hold their top soil.

And although January was one of the warmest in history, A. M. Hamrick of the U. S. Weather Bureau at Dallas said the law of averages—and weather—gave a bleak outlook for tender young buds which may have their signals for spring mixed up.

Hamrick pointed to January, 1933, as an example. It was pretty warm during January. But on Feb. 8, the mercury plunged to two degrees above zero. In 1930, he said, February was warm, but the temperature fell to 26 degrees on March 3.

State Agriculture Commissioner John C. White Tuesday urged farmers to use strip-cropping, contouring, terracing and stubble mulching to prevent loss of topsoil.

"No rain fell in the State yesterday as temperatures reached summary levels. Laredo's 82 degrees was the highest maximum with Amarillo's 52 the lowest."

Today and tomorrow—about the same, said weathermen. Rio Grande Valley towns continued to feel the pinch of the

drouth, as did an increasing number of places to the north.

Just across the Rio Grande from Brownsville, Matamoros, Mexico, reported a critical water shortage after a slightly increased flow of water in the river.

W. I. Gilson said Tuesday's flow of 15 second feet of water was not enough. The city is guaranteed 35 second feet of water by treaty with the U. S. Matamoros officials blame up-river pumpers for the dwindling water supplies.

Gilson, district water manager, said cotton, cabbage and potato crops in the area are threatened.

NAMED PRESIDENT

Waco, Feb. 6. (AP)—Industrial equipment dealer George Rowan was named president of the Waco Chamber of Commerce last night.

VISITS PLANTS

Fort Worth, Feb. 6. (AP)—Madame Paul Auriol, No. 1 French aviatrix, was to visit aircraft plants at Dallas today. Yesterday, Mme. Auriol, daughter-in-law of the President of France, toured similar plants in Fort Worth.

OPEN TO PRESS

Dallas, Feb. 6. (AP)—The Dallas City Council yesterday voted to open its executive sessions to news reporters. Such secretive sessions had until yesterday's decision been used prior to open meetings for 12 years. Reporters had been invited to sit in on the closed-door sessions on an off-the-record basis. Now they can report the news, if any.

SEARCH CONTINUES

Abilene, Feb. 6. (AP)—An air search for a missing University of Colorado student and his plane continued today. Yesterday about 35 CAP patrol planes were in the air in the hunt for Perry Marvin Singleton, 23, who disappeared with his plane during a dust storm last Saturday. The search ranged as far south as Brownwood yesterday.

with Walter Heard, we'll make a lot of progress.

The people attending the first show of the Sons of the Pioneers here Monday night were asked to sign a card giving their names and addresses, to provide a mailing list for future shows. (As I told you the other day, P.L. and some other business men are making arrangements for future shows). The addresses of the people are impressive. I've just had time to peruse them, and I find people listed from virtually every community within 100 miles.

For instance, one card is signed by Oral Jones, vice president of the City National Bank of Wichita Falls. On the reverse side of the card, Mr. Jones wrote: "This great building is a credit to any city in the United States. Absolutely perfect." I learned that Mr. Jones motored to Vernon from Wichita Falls, stood in line at the entrance, and then sat in the balcony rather high up. That represents his interest in the show, and I think represents the interest of the people as a whole in good entertainment.

ELIZABETH--

(Continued from Page 1)

(4:45 a.m. CST). The British Broadcasting Corp. announced it at 11:16 a.m. Newspaper extras hit the streets within a few minutes. In downtown London women burst into tears as they saw the headlines.

While Elizabeth became queen immediately on the death of her father, the nation actually is without a constitutional head until she returns home from Africa. The situation resulted from the unexpectedness of the king's

death. The ailing monarch was scheduled to leave March 11 on a health cruise to South Africa. Counsellors of State, to have been appointed before his departure, would have taken over all royal function except the power to dissolve parliament and to create peers. Such counsellors are appointed whenever a ruler becomes incapacitated, as during the period after King George's lung operation last year.

Yamparika Club Members Hear Talk on Federation

"Why should our club be federated?" was the question answered for the members of the Yamparika Club by Mrs. Fay Eggleston, guest speaker, at a Tuesday afternoon meeting in the home of Mrs. Dan Nowlin in Castlebury Park.

Mrs. Eggleston stated that the General Federation of Women's Clubs does something for the world. She said, "Politicians watch what resolutions are adopted and put the legislation to work." She reported the resolutions adopted at the GFWC convention in Houston included war against narcotics, strikes and black market operations; and to favor compulsory military training.

Mrs. Eggleston reported that 48,000 members joined the federation last year; that every state and over 30 nations were represented at the convention. An interesting point she brought out was that the Korean women have adopted teaching Korean children to read and write as their project. The convention delegate from that country explained that pencils and paper were difficult to obtain and these were provided by the federation.

Local Members Attend PTA Meet at Midwestern

A meeting was conducted Monday at Midwestern University in Wichita Falls for Parent-Teacher officers and members in this area by Mrs. Ellen Dell Bieler of Chicago, Ill., traveling field consultant for the National Congress of Parents and Teachers. B. M. Dinsmore, Wichita County Superintendent of Schools, and Dr. James B. Boren, president of Midwestern, were hosts for the occasion.

Mrs. Bieler is conducting these meetings in the interest of the State teachers' colleges and other colleges of Texas. Among the topics discussed were "What Home and School Co-operation Means," "Methods of Establishing Good Working Relationships Between Schools and the P. T. A.," and "Modern Trends in Education."

Among those attending were Mesdames Frank Scott, Roy Taylor, Elgin Black, Orville Barrett, F. W. Jabin, Austin, and J. V. Swinney of Vernon, and Mrs. Therle Wall of Quanah.

Other activities of the federation include endorsement of motion pictures and radio programs. GFWC citations are awarded each year to the pictures and programs selected as best for children.

Mrs. Eggleston concluded her interesting and informative talk with a discussion of club dues, expenses and individual participation in programs and activities.

Mrs. A. M. Hiatt was program director for the afternoon. New Yamparika Club officers were announced at the meeting. They will be: Mrs. William A. Bond, president; Mrs. Kenneth Lawrence, first vice-president; Mrs. Johnnie Rainwater, second vice-president; Mrs. Fred S. Hanna, treasurer; and Mrs. Emory Rhoads, Jr., secretary.

During the business session the club voted to sell fruit cakes again next year.

Delicious refreshments were served to the members and guests by the hostess, Mrs. Nowlin, and co-hostess, Mrs. W. E. Wright. Guests of the club were Mesdames Warren King, David Nowlin and Woodrow Duckworth.

Episcopal Auxiliary Has Tuesday Meeting

The Grace Episcopal Church Auxiliary met Tuesday evening in the home of Mrs. Edith Mae Wilhamson, 2221 1/2 Wilbarger Street.

The meeting opened with the Auxiliary Prayer led by Mrs. Bill Norris. Mrs. Robert Lee Wilson, president, conducted a business session. A report on the recent bake sale was given by Mrs. Roy Iles. Mrs. George Mainard, chairman of the landscape committee, reported on plans for landscaping of the new church.

Mrs. W. H. Huggins, a guest, presented an inspirational devotional entitled, "Our Day." A continuation of the study course was conducted by Mrs. Norris.

Those present included two guests, Mrs. Huggins and Mrs. Louis Parsons, and the following members: Mesdames Vera Kirkland, Merle Lawson, Harold Smiley, Norris, Mainard, Iles, J. Slaughter, Wilson, Fred S. Hanna and Williamson.

Lydia Class Has Social Meeting

The Lydia Class of the First Baptist Church met Tuesday afternoon in the youth building of the church for a monthly social.

The opening song, "More Love to Thee," was followed with prayer. Mrs. Vidal Jones gave the devotional on "Watch My Heart." A short business session followed, and Mrs. George Beavers conducted a Bible quiz.

A refreshment plate carrying out the Valentine motif was served to four guests, Mesdames Jones, Herman Clements, J. C. Bolton and Curtis Hogsett, and the members, Mesdames Earl Van Deren, L. E. Oldham, Bertha Shultz, J. D. Miller, Ed Miller, Alma Vassey, J. A. DeSha, Walter Kirk, A. T. Lemon, Charlie Moore, Beavers, R. L. Owens, McLarty, J. W. Spann, J. H. Turckett, Bob Thornton, W. H. Greer, T. H. Baker, Homer Wright, J. H. Niell, R. G. Diggs, Clarence McCaleb, John Hardison and Mayse Wilbert.

Social Calendar--

Thursday, Feb. 7.

First Baptist Fidelis Class party at 3 p. m. in the church parlor. Mesdames L. E. Scott, Gerald Carter, Roy Taylor and B. D. Steelman, hostesses.

The Wayland International Choir from Plainview will present a concert at 7:30 p. m. in the First Baptist Church auditorium.

Saturday, Feb. 9

The Lion's Den will be open for all members from 2 to 5 p. m. and for junior high members only from 7 to 10 p. m.

Nazarene Women Meet For Mission Program

The Nazarene Women's Foreign Missionary Society met Tuesday in the home of Mrs. O. C. Conn at Lockett.

The meeting opened with a hymn, followed with prayer by Mrs. William White. Mrs. Grady Bohannon gave the devotional from the 47th Psalm and conducted the business session. Plans were made to send a box to a foreign missionary. An offering was taken for native mission workers.

Rev. Grady Bohannon sang a special hymn for the group. A program on foreign missionaries was then presented. Mrs. D. B. Shipman dismissed the meeting with prayer.

Following the meeting refreshments were served by the hostess to ten members and three guests.

Earlene Woosley Chosen For Odell FHA Award

Miss Earlene Woosley was recently selected as Girl of the Month for the Odell chapter of the Future Homemakers of America.

Miss Woosley is chapter historian. She was chosen for her work on programs and committees during the month of January. In recognition of the award, she was presented with an arrangement of red roses, the chapter flower.

In addition to her homemaking activities, Miss Woosley is editor of the school annual.

Texas Street Methodist WSCS Meets at Church

The Texas Street Methodist W. S. C. S. met Monday at the church. The meeting was opened with a hymn led by Mrs. J. V. Patterson and accompanied by Mrs. Homer Thompson.

Mrs. E. E. Coggins gave the devotional using scripture from Jeremiah and concluding with prayer. The lesson on "Trouble Around the World" was conducted by Mrs. Arnold with Mesdames Thompson, Coggins and J. O. Bird participating. Mrs. Patterson presented "Trouble Spots in Our Country," and Mrs. Robert Cooper talked on "Troubles With Our Missionaries."

The meeting was dismissed with prayer by Mrs. Patterson.

Mr. and Mrs. Walter Marshall Suttle and son, Tony, left Wednesday morning for their home in Midland after visiting in the home of their parents, Mr. and Mrs. M. E. Barnhill and Mr. and Mrs. Walter Suttle.

SILVER ANNIVERSARY

Mr. and Mrs. Cecil Goins will observe their silver wedding anniversary on Sunday, Feb. 10, at their home in the Northside community. They will hold open house for their friends from 2:30 to 5:30 p. m. Mr. and Mrs. Goins were married at Odell on Feb. 11, 1927, by Preston Florence, minister of the Odell Methodist Church at that time.

George Allen White has enrolled at Texas Tech in Lubbock for the Spring semester after spending the mid-term vacation here with his parents, Mr. and Mrs. George M. White.

Mr. and Mrs. Jess Hancock have returned from a trip to New Orleans, La., Biloxi, Miss., and other points in the South.

SCHOOLS CLOSED

Carrollton, Feb. 6 (AP)—Carrollton schools are closed until Monday because of an intense influenza outbreak among students. Supt. R. L. Turner said yesterday

that 135 of 751 students were reported absent because of the disease.

Elizabeth Becomes Queen of England With King's Death

London, Feb. 6. (AP)—The death of King George VI today brought Britain its first reigning queen since Victoria died 51 years ago. And the coming to the throne of serious gray-eyed Elizabeth revived a mild superstition—that Britain waxes fat and prosperous with a woman's reign.

The belief grew out of the founding of an empire by another Queen Elizabeth 350 years ago, and its rich expansion under Victoria in the 19th Century.

The new queen, only 25 years old, today was in far-off Kenya, an East African colony, at the beginning of a five-month tour of Africa, Ceylon, Australia and New Zealand. With her was her 30-year-old husband, Philip, Duke of Edinburgh, who cast aside princely Greek titles and became a British citizen to wed her amid great splendor November 20, 1947.

They had intended to complete their empire-cementing journey by continuing around the world, with side visits to the Panama Canal and to Bermuda, British colony off the Atlantic coast of the United States.

Now they must return at once.

Their son, three-year-old Prince Charles, born Nov. 14, 1948, now becomes first in line to succeed to the throne. The line of succession, in order, then is Charles' year-old sister Anne, and Elizabeth's 21-year-old sister, Princess Margaret.

Death of the King brings back several traditional royal titles. Two of them, the Dukedoms of Cornwall in England and Rothesay in Scotland, automatically go at once to Prince Charles.

The courtesy title of Queen Mother may pass from King George's mother, Mary, to his widow, Queen Elizabeth.

Another title—and the most important one—is waiting for young Charles. He is expected someday to become Prince of Wales, a title reserved solely for male heirs to the throne. The title is not passed along automatically, but must be conferred specifically by the reigning monarch.

Do it today—the Want Ad Way!

FLU BUG HITS
Texarkana, Feb. 6. (AP)—An upsurge in influenza cases had Texarkana's public schools closed today. Supt. Homer W. Stilwell said the schools would reopen Monday.

EDITORIAL COMMENT

CHECKING SCHOOL ATTENDANCE RECORDS

Auditors of the Texas Education Agency are checking reports of school districts which show unusually high attendance records as compared with figures in the scholastic census. In some instances the average attendance is larger than the enrollment. That would appear to be impossible offhand, but there are extraordinary conditions which would make it possible. Such a condition would be a sudden increase in population, such as might occur in a new oil field community or in a district where some new industry is beginning operations.

However, these conditions do not occur very often and where there is a legitimate explanation for an unusual increase in school attendance the reason would be apparent. Consequently there is no reason to become apprehensive about the possibility that a check of school attendance records working hardship on a district faced with the necessity of providing facilities for large increase in daily attendance.

Reason for padding of attendance figures, if any is found to exist, is precisely the same as the reason in former years for padding census rolls. Under the old law State funds were distributed on the basis of the scholastic census. Now they are distributed on the basis of average daily attendance, which is the proper test of a district's right to share in State funds. It was easy, under the old law, to get away with padding the census rolls and there is no doubt much of it was done. It is not so easy, or at least it is not as safe, to pad attendance figures. There are ways of making checks on attendance.

This is being done and, according to reports from Austin, some school administrators are objecting to the methods employed. Auditors have a way of showing up without notice and in company with principals go to class rooms for a check on the teacher's records. This would seem to be the logical procedure and the fact that some administrators object is pretty good evidence that it is a good way to get the information.

LOWER AMERICAN EXPORTS CREATES PROBLEM

Great Britain is not alone among members of the British Commonwealth of Nations in planning to reduce imports of goods made in the United States. South Africa is not nearly so hard pressed as the mother country, but the South Africans are planning to reduce imports of American goods by as much as 75 per cent, according to decisions announced following a recent meeting of Commonwealth finance ministers in London.

Reason for the reduction is the necessity of restoring trade between the United States and South Africa to something approaching a balance. One cause is the decreased value of the dollar, and the failure of inflation inside the British Commonwealth to keep pace with inflation in this country. Every time our master minds in Washington agree to a wage increase or a price increase added difficulties are put in the way of people in Britain or South Africa in their efforts to make a living.

As prices rise in the United States the ability of the people of other nations to buy from us declines. The result is that sale of fewer goods abroad and a further increase in the unfavorable trade balance in other countries. This comes about because this country has become not only the world's principal producer of goods, but is also the world's banker and sound trade relations depend on sound money. Hence the decision of South Africa to follow Britain's lead in cutting down on purchases of American goods. They can't get enough dollars to maintain present levels of imports from the United States.

Naturally curtailment of exports to British Commonwealth nations means loss of business for American factories and loss of wages for American workers. These economic straws in the wind are warnings of trouble ahead unless we follow the example of our overseas friends and get our own business in balance.

Responsibility makes some people grow; and others swell.

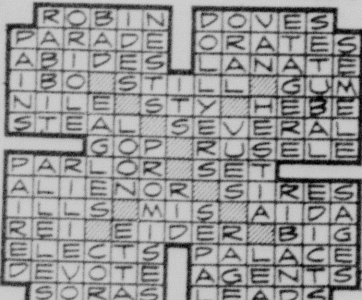

After all, horse sense is just stable thinking.

Flattery is a form of soft soap; and soft soap is mostly lye.

R. H. NICHOLS, Publisher and Editor. W. D. DIXON, Business Manager. Published Monday morning and week-day afternoons except Saturday, at 1531 Cummerland Street, Vernon, Texas. Entered as second class matter Nov. 2, 1925, under the Act of March 3, 1879.

Member of the Associated Press. The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

SUBSCRIPTION RATES: Delivered by Carrier—Year, \$12.00; week, 30c; mail in Wilbarger, Hardeman and Potter counties, year, \$8.00, six months, \$4.50; three months, \$2.75; per month, 20c. Elsewhere same as Vernon carrier rates.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the reputation or standing of any individual, firm or corporation that may appear in the columns of The Record will be corrected when called to the attention of the editor.

"Allah, That Was Close!"

Whipping at Girl School Banned

Austin, Feb. 6. (P)—The superintendent of the Gainesville State School for Girls has decided against any further whippings pending discussion of policy on the matter by the State Youth Development Council, Executive Secretary John H. Winters said yesterday.

He said the superintendent, Mrs. Maxine O. Burlingham, made the decision independently and not at his direction. Winters was not certain how many girls have been whipped at the school the past year but said the number was "approximately five."

The Council will consider the school's disciplinary policy at its next regular meeting, Feb. 21.

The school came under fire last week when a 16-year-old girl testified in court she had been whipped and held in solitary confinement 186 out of 210 days in the institution.

An attorney who sought the girl's release demanded an investigation of the school. He failed to have the girl freed from the

Youth Development Council's custody, but District Judge W. P. Hamblen ordered the girl committed to the supervision of the Harris County psychiatrist instead of returning her to school.

Report on Cause of

Lad's Death Issued

Dallas, Feb. 6. (P)—Two-year-old Billy Nassie died of muscular dystrophy, not lead poisoning, an autopsy report shows.

Dallas doctors of the boy had diagnosed his case as muscular dystrophy. A New York specialist said it was lead poisoning, although another child in the same family had died of the muscular diseases.

Billy died Sunday after he had been released by the New York doctor. A Dallas civic club had paid the boy's expenses to New York.

LEGAL NOTICE

NOTICE OF INTENTION TO ISSUE REFUNDING BONDS

THE STATE OF TEXAS, COUNTY OF WILBARGER

In compliance with the provisions of Chapter 163, Acts of the Regular Session of the Forty-second Legislature, 1931,

NOTICE IS HEREBY GIVEN THAT IT IS the intention of the Commissioners Court of Wilbarger County, Texas, to pass an order on the 10th day of March, 1952,

authorizing the issuance of WILBARGER COUNTY ROAD AND BRIDGE REFUNDING BONDS in an amount not exceeding \$85,000.00, for the purpose of refunding, cancelling and in lieu of a like amount of Wilbarger County Road and Bridge Warrants, Series 1951, dated August 15, 1951; said Refunding Bonds to bear interest at a rate not to exceed Three and One-fourth (3 1/4) per cent per annum, and to mature serially, with a maximum maturity not later than 1965.

THIS NOTICE is given in pursuance of an order passed by the Commissioners Court of Wilbarger County on the 4th day of February, 1952.

A. D. GRIFFIN, County Judge, Wilbarger County, Texas.

Grass and Legume Seeds Adequate

Harvesting of 28 varieties of grass and legume seeds on an estimated 4,548,000 acres was completed largely by the end of November. The acreage in these seed crops was 28 percent smaller than the record 1950 acreage of about 6.3 million acres, but 4 percent above the 1940-49 average.

Yields per acre of 19 kinds are smaller than last year's above-average yields. Weather was unfavorable for development of several kinds of seeds. Production was also affected by the decline in prices of many seeds from the high levels in 1949, by large carry-overs of a majority of seeds, and by increased demands for food crops, and other crops which competed for the growers' time and acreage.

Decreased production of these seeds this year, however, is nearly offset by the record carry-over. Current supply (1951 production plus carry-over) of 1,231,000,000 pounds of clean seed is only 5 percent smaller than the record supply of nearly 1.3 billion pounds last year. And the supply is 64 percent

larger than the 10-year average.

Current supplies of alfalfa, clovers, and grasses exceed slightly those of a year ago. The supply of winter cover crop seeds, however, is 11 percent below that of last year. Weather in 1951 was less favorable for seed harvest than the year before. Compared with the usual time for harvest, the 1951 seed crops were generally late, though some were earlier than usual.

Sudagrass: Production of Sudagrass seed in 1951 was 29 percent larger than in 1950 and 14 percent above average. Sweet Sudan accounts for 57 percent of the total 1951 production and non-sweet varieties, including common, No. 23, Wheeler, and Tift, account for 43 percent. Current supply of Sudagrass is 23 percent larger than 1950's crop but 10 percent below the 1940-49 average.

Current supplies of 28 kinds of legume and grass seed needs appear to be adequate for the fall planting and spring 1952 planting. There is 30 percent more alfalfa and clover seed available than was consumed during the 1950-51 season, when nearly a fourth more than usual was used. Supply of grass seeds is about 45 percent larger than the quantity sown during the 1950-51 season and about 50 percent above the average domestic requirements.—Bureau of Agricultural Economics.

XXXI

HIS face was close to hers, the scent of his skin pin-pricked her remembering heart. His body blocked out light, crouched over her, and a shaft of desire plummeted down through her body like a sword swallowed. Jennet Logan took his hand from her wrist, played for a moment with his fingers, admiring the size and shape of his hand, feeling the smoothness of his broad palm with her own. She looked up at him, and her hand went to the dark hank of hair that lay on his forehead. His hair was springy to the touch, resisted the combing of her fingers. "Peter, I—she cleared her melting throat—"what do you want of me?"

"Only everything," Peter Surinow said, grinning down at her. Ever since high school there had been girls for him. He often got their names mixed, they were so alike. He could have married any one of them, he supposed, and led a pleasant family life, but somehow he always fought shy of the finality of marriage. There was always the next one. Now, he knew there was no next one. He thought constantly and only of Jennet.

But the moment was solemn for her. "Are you asking to marry me?" she said earnestly, punishing the grin.

It was a shaft that struck unexpected at his Adam's apple which he swallowed twice. "Yes, I guess so," he said slowly as if the words were sacred. "I guess I am."

Jennet thought she had seen him scared, and wanting him made her humble, made her change her terms so quickly that she believed they were her own. "I don't think I want marriage, Peter. I don't want to belong to anyone but myself. When you come right down

to it, we don't have much in common except—well, I think it's been a physical attraction between us from the start. And," her voice furled to a whisper, "that is no longer possible."

It took him a few seconds to realize that his proposal of marriage, hoarded through the years, delivered in joyous shock, had been turned down. Yet it was she who had asked it of him. The pride which he had been swallowing stuck now like a gaff in his throat. "Just a physical attraction?" he quoted on a harsh breath that gave out too soon. "Nothing in common? Why, you cold-hearted little snob, do you think I can't get a woman without all this pleading and begging? Do you think I've been crowding phone booths for five months just because I wanted..."

She slapped him across the jaw, grunting with the effort of it. She leaned with all her weight on the door handle, jumped out and ran across the lawn.

HER mother answered her ring. Mrs. Lecky was dressed for the train, even to her hat.

"I'm glad you're here, Jenny. It's 5:30. We'll eat as soon as you wash up. I ordered the taxi for 6:30."

"It's not late!" Jennet cried, holding her hot cheeks. "I know, dear. I'm not scolding." Mrs. Lecky said. "There's plenty of time. I don't know why I'm so silly about trains. I've never missed one in my life. Say, don't let me forget to phone Mrs. Pelletier. I want to be sure to say goodbye to her. They've been so kind. They..."

The doorbell interrupted. Jennet whispered, "You get it, Mother, I've got to go up!" She raced up the stairs, and at the landing,

stopped and took shallow breaths so that she could hear more acutely. She heard him say that she had left her purse in his car, heard their self-introductions, heard him wish her mother a pleasant journey and her mother repeat her thanks for the purse, heard the door close. Jennet ran to the bedroom window, watched him shag the grass to his car. The car disappeared into the trees.

Dry-eyed, she rocked back and forth on the window-seat, chanting her hate of him into her hands.

Jennet woke at nine the next morning, having first wished away and finally slept away the night. She reached for the telephone book, ran the point of her fingernail down the column. Start Laboratories. When she gave the number to the operator her voice was still scratchy from sleep. It had an intimate sound, seductive, and she hoped the beating of her heart wouldn't send it into the higher registers. With her free hand, she lit a cigarette to abet the husky tenor. But when she reached his department at the factory, she was told he was in conference. She left her name.

She lay back on the pillow, smoking, practicing the call again. "Peter," she said humbly, but with an edge of gaiety. "I called to tell you I'll never slug you again. Because I love you. Terribly, darling. And I want to marry you more than anything."

He sulked, still hurt. "Why the sudden change of heart?" Or, he, having come to the same pass by the same night-traveled road, matched her mood. "I have the jaw-bone of an ass, my darling. Chalk it up as a lover's quarrel. What time shall we have dinner tonight?"

Or, he spoke stiltedly to make clear to her that there were people within earshot. "Good. I do too. Very much..." and she had to talk for both of them.

She went on rehearsing all the possibilities but one—that Peter would not return the call.

(To Be Continued)

Training Pullets Into Using Nests

Young pullets just coming into production often lay on the floor, and a little special effort and attention will often break up what might become an undesirable habit.

An excellent way to train the beginners is to place single nests, about the same size and appearance as the regular nests, near where the first eggs are found on the floor. Be sure that the front of each nest is perhaps a little higher than the regular nests, to discourage idle efforts to scratch the nest material out.

After a pullet has laid one or two eggs in a floor nest, she is likely to become interested in a nest off the floor and thus graduate to proper laying habits. If a pullet, apparently preparing to lay on the floor, is gently han-

dled, she will often allow the attendant to place her in a regular nest, after which she is very likely to fly up to it for her next egg laying.

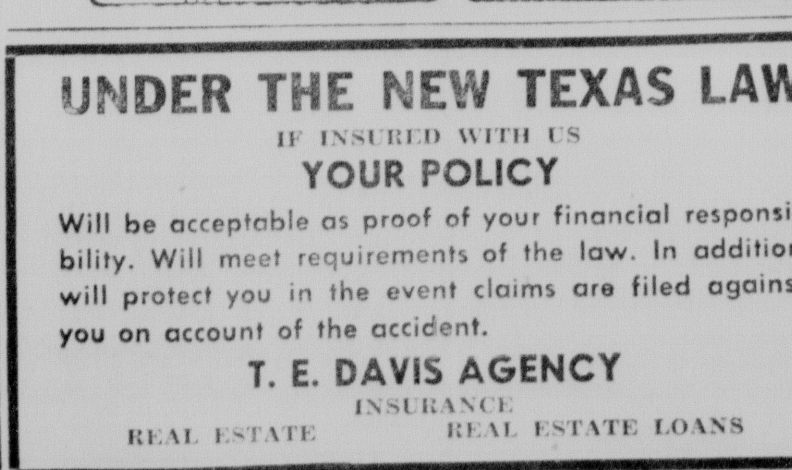

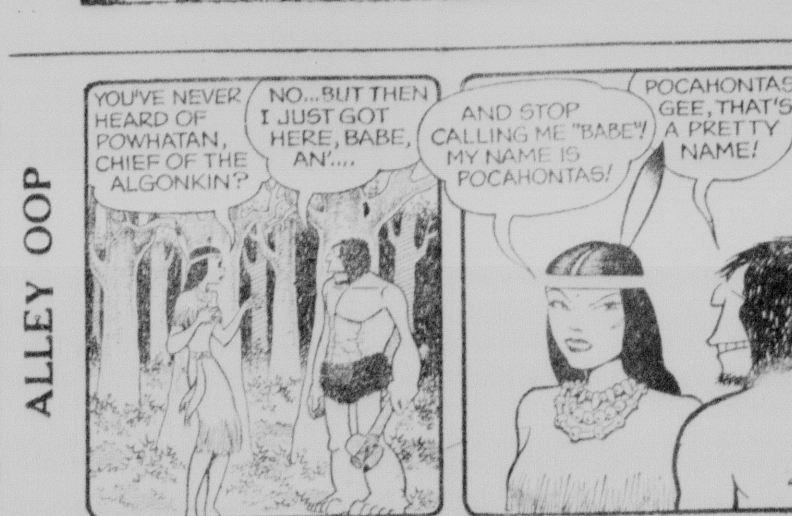

OLD TOYS
A child's outgrown play equipment can come in useful around the house. A blackboard can be fastened to a kitchen door or wall. An outgrown wagon or sled can save lugging heavy baskets of clothes back and forth to the clothes line. A toy broom is handy to use with a dustpan, or for brushing snowy overshoes at the doorway or ashes at the hearth. Crayons can be used for labeling boxes or other containers stored in closets or attics. Small cement play blocks may be used as weights to hold down patterns for seamstresses.

Ancient, canal-laced Leghorn, Italy, has been prominently a commercial center.

Vernon Dusters Schedule Eight Exhibition Games

Spring Drills Set to Open On March 24

Eight exhibition games have been scheduled for the Vernon Dusters for the 1952 season and more will probably be added, Manager Chet Fowler announced Wednesday.

Five of the exhibition games will be played at Memorial Stadium. Fowler said that he expected to start Spring training for the Dusters here in Vernon about March 24.

Fowler also reported that Al Richardson, 20-game winner for the Dusters last season and general utility man, has indicated that he will return to play for the Dusters this year. Richardson will probably only see action in home games until the school at Burk Burnett, where he teaches, is turned out for the year.

Lou Ehlinger, centerfielder last season for the Dusters, has also indicated his desire to play this season. He said that he might possibly try for an infield position.

The exhibition schedule is as follows:

April 5—House of David in Vernon.

April 6—House of David in Vernon.

April 8—Abilene in Vernon.

April 10—SAFB Jets in Vernon.

April 11—SAFB Jets in Vernon.

April 13—Abilene in Abilene.

April 15—SAFB Jets in Wichita Falls.

April 18—SAFB Jets in Wichita Falls.

Valley View Clinches Tie For Cage Championship

The Valley View Warriors clinched at least a tie for the 28-B cage championship Tuesday night, but had to come from behind to do it.

Trailing 22-20 at the half, Valley View rallied to shade Northside 44-32. Thomason led the Warriors with eight points and L. H. Wall paced the Indians with nine points. Harrold, runner-up to Valley View, trails by two games with only two games left to play.

Harrold knocked Oklaunion out of the running with a 48-37 win. George Petrus paced Harrold with 22 points and Jimmy Kooz led Oklaunion with 12 points.

The two-point jinx continued to

hit at Lockett as it fell to Odell 36-34. High-scoring Doug McKay did not play for the Panthers. Gerald Russum hit 15 for Lockett and Don Thrash notched 15 for Odell. The loss also eliminated Lockett from the title chase.

Lockett girls continued to pace the league with an unbeaten slate by topping Odell 50-35.

Northside girls continued hot on the trail of Lockett with a 36-27 win over the Valley View girls. Northside has lost only one game and the final game with Lockett will probably decide the district championship.

Oklaunion girls dumped Harrold 37-25.

Quanah Surprises Iowa Park, 59-39

Quanah, Feb. 6. (P)—The Quanah Indians battled their way into a tie for the District 4-AA basketball lead by upsetting the Iowa Park Hawks, 59-39, in the local gymnasium Tuesday night.

The Indians and Hawks now have a record of two losses and three wins in conference play.

Bobby Williams, Quanah guard, set the terrific pace for the Indians by piling 23 points through the net for scoring honors to set his season's record at 418 points in 24 games during which he sat out more than eight starters.

Benefit Tilt Set Tonight At New Gym

The Washington Bearcats and the Jaycee Jets get together tonight in a benefit basketball game at the new Washington gym. Game time is 8 o'clock.

All proceeds from the game will go toward purchasing a clock-scoreboard for the new gymnasium. Seats will be 50 cents and 25 cents with a special section reserved for whites.

The Bearcats have one of the better cage teams in North Texas. They will be favored to topple the Jaycees—composed mostly of players who haven't participated in the sport in eight or ten years.

Young Lightweight Hopeful Goes Route With Champion

Toronto, Feb. 6. (P)—A 20-year-old Canadian lad who wasn't rated a chance at going more than five rounds with New York's lightweight Champion James Carter stuck for the route last night in one of the best fights seen in these parts for years.

Even though he dropped a unanimous decision in the nine-round non-title clash, Toronto's Allan McFater put up a show that veteran fight followers termed his best ever. A crowd of 8,666 paid \$17.334.

Lions Roll Past Munday to End Losing Streak

Lamesa Smashes Plainview, 49-28 In 1-AA Action

The Vernon Lions returned to the friendly confines of Lion Gym Tuesday night to break a four-game losing streak in beating Munday, 54-38.

In District 1-AAA games, Lamesa maintained its unbeaten slate by blasting Plainview 49-28. Johnny Randolph made 14 and Don Stevens 12 for Lamesa and Rex Jordan 7 for Plainview. Big Spring smashed Midland 54-34. Roy Kinsey was high for Midland with 12 points and Eugene Carpenter got 14 for Big Spring.

Vernon will meet Sweetwater in Sweetwater on Thursday and will then journey to Big Spring on Friday. Other Friday night action sees Sweetwater at Lamesa and Plainview at Midland.

The Lions led Munday all the way in pushing to their ninth win in 17 starts. The Lions led 18-12 at the end of the first period, were on top 31-19 at the end of the half and led 46-28 at the end of three periods. Lion reserves played most of the final period.

Ramon Towry had one of his better offensive nights as he sacked up 23 points for high point honors. Lester Dye got nine points, Jerry Thomas hit for eight, Gordie Harvey for 10 and James Tull for two.

Sonny Lang paced Munday with 15 points.

In preliminary games, the Vernon Bees had an easy time in romping past an outclassed Childress Soph squad 44-16. Vernon led 26-2 at the end of the half. Dale Dillingham hit eight points for high point honors.

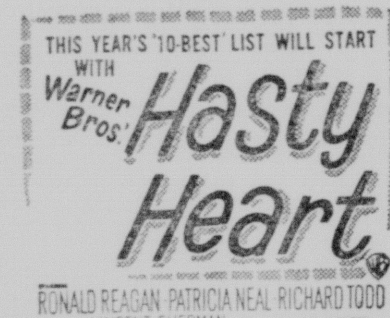

The Junior Ninth Graders topped the Childress Ninth Graders 45-38 in the opening game on the four-game schedule Tuesday.

In an overtime thriller, the Childress Seventh and Eighth Graders shaded Vernon Seventh and Eighth Graders 34-31.

Williams, Thorpe Sport Show Stars

Boston, Feb. 6. (AP)—Twice a day a two-toned roaring shakes the ancient timbers in Mechanics building as the Boston Sportsmen's Show, with Ted Williams and Jim Thorpe as co-stars, rolls along to a new attendance record.

Shrieks are for Williams, one of baseball's top batters. But most of the deep-throated shouts of the middle-aged are for Thorpe, one of the greatest athletes the world has ever developed. And Boston hails the 63-year-old Indian as one of its own.

Williams is being paid \$12,000 for nine such days of work. Promoter Sheldon Fairbanks will not disclose Thorpe's salary, presumed to be about one-tenth that paid the slugger.

As Williams and Thorpe take their bows while the building rocks with the vibration of cheers, there is a quizzical look in the ball player's eyes. They seem to ask: "Will they be yelling like this for me when I'm 63?"

Williams and Thorpe met for the first time here last Friday. Ted called Jim "Chief" on sight.

"The Chief is really something. What a wonder he must have been in his prime," Williams marveled.

Thorpe, however, seems unaware of the impression he has made on one of the highest salaried sports performers of all time. But then Jim has had more than

his share of life's kicks. For years he has been living from hand to mouth and recently he had an operation for a lip cancer and he needs another one soon.

Dempsey Slates Motion Picture

Hollywood, Feb. 6. (AP)—Twenty guests were originally invited but by the time the luncheon got under way at the studio, 50 or 60 had crowded into the narrow dining room to welcome a real old timer back to the movies.

The veteran was Jack Dempsey, who recalled with something of a grimace that he starred in a serial in Hollywood more than 30 years ago. He seemed concerned about the serial, not the area.

He was famous then, of course, as the new heavyweight champion of the world.

Dempsey is playing a now familiar role in Bob Hope's latest picture, something about military policemen, Marilyn Maxwell and no telling what else. Dempsey is a fight referee.

HOW TO GIVE A CAB 9 LIVES

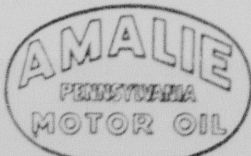

Before you change the oil in your car one more time, read what happened in a test on a fleet of taxis in Wichita Falls, Texas:

"Hamp's Taxi started using AMALIE (100% pure Pennsylvania motor oil) in 1940. We wanted to test 10-weight oil; put it in a new Mercury—a cab used for hard driving, fast starts and stops in fast and slow traffic. After 108,000 miles, we had the Lincoln-Mercury dealer tear down this motor and give it a thorough check—and he put back ALL THE ORIGINAL PARTS! Just think of it! At last we had found an oil in 10 weight we could put 108,000 miles on an engine, and not have to replace any parts. Brother, 108,000 miles on one of these Taxis is the real test. Race drivers are tame compared to these speed demons we have. We have put over 200,000 miles on cabs using AMALIE,

with very little repair cost. (Uses 20 weight in summer months.) used AMALIE oils and greases the last eight years—all makes of cars—it has saved us thousands of dollars."—W. F. Wilks, Manager.

Is that the kind of mileage you want that car of YOURS to give? Then come in and let's fill it with AMALIE—and STAY with AMALIE—from now on!
